EXPERIENCE

2025 - present **WordPress Developer, Italic Softwares**

I develop fully responsive websites in collaboration with Italic Softwares. I specialize in WordPress, with additional experience in HTML, CSS, and PHP to create designs that are both aesthetic and functional.

2022 - 2025 **"Generația Tech" Explorer, Digital Nation**

I completed three apprenticeship programs with Digital Nation, gaining skills in Java and Web Development. As part of a supportive community, I also strengthened my soft skills, including teamwork and proactivity.

2019 - 2024 **ML Data Associate (w. French & English), Amazon**

I spent nearly 6 years at Amazon's Alexa Data Services, improving AI through transcription, annotation, and workflow evaluation. I also worked as a Prompt Engineer, optimizing LLM outputs for quality and relevance.

2016 - 2017 **Intern, multiple companies and labs**

I completed three internships focused on research, development, and quality assurance. During this time, I developed skills in project management, organization, communication, and teamwork.

EDUCATION

2012 - 2018 **Master's Degree, INSA Lyon**

I earned a Diplôme d'Ingénieur (MSc. equivalent) in Materials Science and Engineering from INSA Lyon, a prestigious French Grande École.

2008 - 2012 **High School, "Andrei Șaguna", Brașov**

I completed my high school education at C. N. "Andrei Șaguna", one of Romania's top-ranking and most prestigious secondary institutions.
